Education

Cairo University　　　　　　　　　　　　　　　　　　　**Sep. 2020 – May 2024**
Bachelor of artificial intelligence in Faculty of Computers and Artificial intelligence　　　　*Giza, Faisal*
GPA: 2.6

Relevant Coursework

- Data Structures
- Software Methodology
- Algorithms Analysis
- Database Management
- Artificial Intelligence
- Internet Technology
- Systems Programming
- Web Design
- Solid Principles

Projects

GENIE(Graduation Project) | *Python,Deep learning*

Developed a Search Gallery Model that uses Transformer in which made for image captionning which compete CLIP model

Sales Prediction Bot | *Python, Deep Learning, Google Cloud Console*

Developed an automatic bot using Python and Google Cloud Console to Predict the sales with LSTM model with three datasets

WaterPlots App(Stratochem Services) | *.Net,C#, visual studio*

Developed a Desktop app for plotting diagrams that show the items inside the samples of test type Water like Pie Diagram, Collins Diagram and Piper Diagram and this application helps Geologists to visualize and plot water quality data

Garage System | *Java, Spring Boot,*

Developed a system of Garage which enable the user to know (if exist) the most suitable slot to park in, and enables the user to pay cash or by credit card to facilitate the usage

News App | *Flutter,Dart, visual studio code*
- Created an application using Dart and visual studio code to show the top headlines of the news.
- Used an API for this application to show the image,title and subtitle of the news.
- Utilized the layout editor to create a UI for the application in order to allow different scenes to interact with each other.

Chat App | *Flutter,Dart, visual studio code*
- created a friendly application with dart in which you are able to register, sign in, chat with your friends.
- used the firebase to allow the user to sign in and register to the app

Experience

Stratochem Services Company: Software Developer
Freelance Wordpress Developer

Technical Skills

Languages: Python, Java, C/C++/C#, HTML/CSS, JavaScript, SQL, Dart
Development Tools: VS Code, Eclipse, Google Cloud Platform, Android Studio
Technologies/Frameworks: WordPress, Flutter, Django,.Net

Military Status

- Exempted.

Leadership / Extracurricular

Fraternity   **Spring 2020 – Present**
President   *Cairo university*

- Participated in the qualifications of ICPC and solved 5 problems.
- certificate from CodeClause as an AI intern .
- certificate from Coursera for the completion of machine learning specialization Course
- certificate from GrowIntern as an android development intern
- certificate from GrowIntern as a Full stack development intern
